Cisco Customised Training/Workshops

Housley provides customised training, delivering tailored, expert-led events to boost team skills, efficiency, and ROI.

We understand that each organisation has unique requirements, so we offer a collaborative learning approach that encourages an engaging, interactive environment to maximise learning outcomes.

Extended lab access on ACI, UCS/X, MDS, NDI/NDFC classes/workshops

Consulting & Mentoring

Housley is a *Mentored Install Network Training (MINT)* partner, authorised by Cisco to provide Cisco Channel Partners and Customers with access to resources who can lead and work on mentored

Proof of Value (PoV) and Mentored Install engagements for technologies across the Cisco portfolio. Partners and Customers can minimise risk and drive immediate project value and maximise the opportunity for successful technology adoption of Cisco deployments.

Deployment Engagement and Post Implementation services
